

# Supplement to The Marble Hill Press

Volume 40.

Marble Hill, Missouri, Thursday, July 29, 1920

No. 14

AN INTERESTING SITUATION—Scene from "Peg O' My Heart"

Although 16,000 critics have seen been presented on any Chautauqua production with stage scenery and properties giving the same performance and effect as if you saw the play at some large city theater and paid success at the Cort Theater in New York City? This will be a New York the single seat.

## Lutesville-Marble Hill Chautauqua August 8-12

### Our Correspondents.

#### Little Vine

Not seeing any news in The Press from our part of the country in some time, I concluded to try my hand.

Health is tolerably good in this vicinity.

Mr and Mrs P. A. Jones and A. P. Sherman took dinner with Ned Scott and family Sunday on their way home from church on Grassy.

There will be services at Little Vine the fourth Saturday night, and Sunday at 11, by Rev. Elmer Shell. All are invited to attend and take part in the services.

We had a fine rain Saturday night. Harvest is over and hay is good. We have a good crop of potatoes and other crops look fine. But fruit is scarce in this neighborhood. If we get plenty of corn and vegetables we will get along all right.

Ould Head.

#### Hahn

A fine rain fell here Saturday night, which was badly needed and greatly appreciated.

A bouncing big boy arrived at the home of Mr and Mrs Will Roberts recently. Mother and babe are getting along all right, but Bill's case is considered just about hopeless.

The ice cream supper at Adam

James's was not very well attended Saturday night, July 10, on account of the cool weather.

Ab Eaker butchered a calf Thursday, and W. L. James and son butchered one for Albert Myers Friday afternoon.

It seems as tho the correspondents have been sleeping. Better wake up and let's all send in the news.

About all of the farmers have their crops laid by and are nearly done making hay.

Homer James attended the ice cream party Saturday night and reports an excellent time.

Success to The Press and its many readers.

Per Possum

#### Perkins Creek and Little Vine

Health is reasonably good.

Making hay seems to be the program these days.

The services at Grassy church Saturday night were pretty well attended.

Floyd and Forest Field visited Marshall Middleton Sunday and Sunday night.

Most people go south, but Marshall Deck goes north—must be some attraction.

Roy James and wife moved on Charley Kirkpatrick's farm recently.

Will Francis made a business trip

to Zalma Saturday.

Mr and Mrs A. E. Gregory are visiting relatives in Dunklin county

#### SAXOPHONE QUINTET COMING.

When the Rondollers come to our Chautauqua on the opening day, as one feature of their novelty musical program we will hear that rare musical combination of five saxophones, the soprano, tenor, alto, baritone and bass. Saxophones are used for big musical numbers, though they are at their best on popular music, and as for jazz, oh boy!
